The Registrar,
Building Practitioners Board,

27/3/2008

Dear Sir,

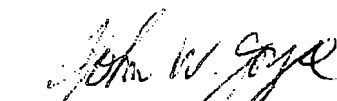

**Re: Application For Registration As A Building Practitioner In The Categories Of
Building Design Architectural And Civil Engineering(EC) Structural Under The
Building Act 1993.**

I write to confirm that I have known Stavros Rekaris professionally for about 10 years. He is experienced in civil/structural engineering, drafting and building construction.

I have checked and provided a structural certification for his design and documentation for several projects including multi-million dollar projects for Bunker Freight Lines Transport Depot in Fulton Drive, Derrimut, a Caldean Catholic Orthodox Church At 93-97 Somerset Road, Campbellfield and a residential development at 17-19 Queens Avenue, Doncaster.

I have found Stavros to be thorough and diligent in all aspects of design, documentation and construction. I would be pleased to discuss his application with the Board if required.

I trust this is satisfactory.

John W. Joyce
Director

M.I.E. Aust. C.P. Eng. (recently retired)
Former Building Practitioner Number EC-1082.
