To whom it may concern,

H S Rekaris & Associates Pty Ltd were the engineers and designers of our new food processing building in Broadmeadows. Our business is supplying fresh fruit and vegetables to companies such as the Crown Entertainment Complex and the MCG.

The building designed by H S Rekaris & Associates comprised of a warehouse area of approximately 860m<sup>2</sup>, food processing area of 860m<sup>2</sup>, 200m<sup>2</sup> offices and 600m<sup>2</sup> cool rooms.

Throughout the design, from town planning through to obtaining the building permit, I worked together with Stavros Rekaris to ensure that the building was designed to our particular specification. Throughout the construction Stavros was always available to answer any questions or provide me with any further information.

Stavros of H S Rekaris and Associates Pty Ltd has continually demonstrated a professional approach to his work and has been a continual pleasure to deal with.

Yours Faithfully

Trevor Lippelgoes
